some thoughts

Today

- paper
 - instant impressions
 - you see what you buy
 - can be a pleasure to see
 - more and more crap
- screen
 - typeset on forehand
 - typeset on the fly
 - ★ complete free format
 - ★ reasonable constraints

Tomorrow

- papier
 - only those that deserve paper
 - when circumstances force
- non-paper
 - hi-res ‘screens’
 - dedicated life long pads
 - digital paper
 - holographic projection
 - direct neural download

Some Day

- thinking documents and content
- what you think is what's get stored
- what you think is what you get
- integrity testing / indexing
- author / user / design driven
- give and take, paid for or not
- personal life-long storage and retrieval
